

2011 NIGHT LIGHT GRANT

Program Goals

The goal of this program is to encourage West End business members to light up the exterior of their buildings and surrounding areas, including parking lots and back lanes. This program helps enhance safety and reduce vandalism in the West End.

How the Program Works

The West End BIZ provides members with free high quality commercial-grade light fixtures, complete with photo sensors and break-proof shields.

Applicants are asked to estimate the number of lights they will need to keep their property secure. They must illustrate where the fixtures will be installed in the space indicated on the next page. Before grants are approved, the BIZ will conduct a night-time site audit and determine the actual number of lights, type and wattage awarded to the applicant, based on several predetermined factors.

Approval will take place at regular Safety Committee meetings based on need and available funding. Applications will be accepted as long as funding is available. Successful applicants will be advised within two weeks of the meeting date.

The BIZ Member is responsible for the installation of the fixtures by a qualified electrician within six weeks of receipt of fixture, unless alternate arrangements are made. Applicants are strongly encouraged to use local West End businesses if possible.

The member will also sign a contract taking responsibility for their maintenance as the fixtures must be maintained and kept lit.

Who Can Apply

Members and honorary members of the West End BIZ can apply for this grant. A member is anyone who owns or operates a business within the boundaries of the West End BIZ and pays business tax. An honorary member is an organization who operates as a non-profit or an apartment/condo block within the BIZ boundaries.

How to Apply

Call the West End BIZ office at 954-7900 to have an application e-mailed, faxed or mailed to you. Or, stop by the office (581 Portage Ave) to pick one up. Grants are also available for download from our website (www.westendbiz.ca).
